

28<sup>th</sup> April 2017

Dear Parent/Carer

'Tootoot' is the award winning pupil voice and safeguarding platform, working in partnership with the Department for Education to provide the reporting and safeguarding platform as part of the 'Make a Noise programme.'

As a school, we are working in partnership with the Department to beat bullying through a whole school programme, providing students, parents and teachers with a combined resource hub and reporting platform, supported and funded by the DfE. This programme is designed to support the well-being of students through early intervention.

More details of how to use it will be shared out in the coming weeks.

In the meantime we have been asked by 'Make a Noise' for parents and students to fill in a simple and quick survey in order to gain more information so that we can utilise the information effectively.

For students it will take place in their ICT lessons and tutor time.

For parents we ask that you go onto the link below and access Tootoot at Survey Monkey or if we do not have your email to fill in a hard copy and return it to school via your son/daughter.

Alternatively you can fill in the survey on the PDF format and send it to Jane Hurley (Make A Noise Co-Ordinator).

survey: <https://www.surveymonkey.co.uk/r/tootootparentsurvey?schoolid=1754>

Please could you complete the form by Wednesday 10<sup>th</sup> May?

Many thanks in advance for your support.

Yours faithfully

Jane Hurley  
Co-ordinator of 'Make A Noise'
